

The background is an abstract composition. The top and bottom sections are a vibrant orange, while the middle section is a deep blue. The orange areas are filled with numerous vertical black lines of varying lengths, resembling ink drips or a textured pattern. The blue areas are more solid but have some subtle variations in tone and texture. The overall effect is dynamic and layered.

# CODY PARKER

**Cody Parker** a self taught artist from Pittsburgh who continues to develop a unique style of art over the past several years. Cody's style has a blend of fine art mixed with modern street art. More recently, Cody has been developing photo realism with extensive use linear graphics which are accented with color. Up close the viewer will see the abstract concept and only as the viewer moves further away Cody's images begins to take life.

Cody's art is featured at SLS Hotel in South beach, The Buro Wynwood gallery, and Ampersand studios, among other locations. Cody has also been featured at Spectrum Miami for art Basel since 2018, as well as, Art Expo New York. In addition to fine art, Cody also has many murals he has completed from West Palm Beach down to Wynwood in many different restaurants and bars. He has also completed murals for companies like OnlyFans, Flex Seal, and Wynwood Mural festival for Art Basel.
